WWW.CONGRESMG.FR

The Collège de la Médecine Générale is pleased to invite you to its 12th Congress of General Practice, which will be held from April 5th - 7th 2018, at the Palais des Congrès in Paris.

This meeting has become a must-attend event, showcasing latest research results and learning opportunity in general practice and family medicine, both in France and abroad.

Two days and half of work, presentations and workshops, will address issues affecting general meeting specialists including different fields of care, training and research. The meeting will also tackle challenges created by environmental and societal issues.

Highlighting the daily work done by our community, the conference offers plenary sessions, scientific presentations and collaborative workshops with more time dedicated to debates and practice. In addition, let's not forget the English sessions, which allow our international peers to participate and exchange with French GPs. The integration of sessions in English is also an opportunity to raise awareness of this meeting among our colleagues at WONCA.

The Congress of General Practice aims to provide a platform to exchange experience and professional training. By combining our competencies and joining our forces, we will be better equipped to assure the future of our discipline.

We look forward to welcoming you in April 2018 at this unique gathering !

Pr. Pierre-Louis Druais

President of Collège de la Médecine Générale

Dear Colleagues, dear Friends,

The Congress of General Practice France will be held from April 5th - 7th 2018 at the Palais des Congrès in Paris.

English sessions will be available during the whole conference.

The theme of the English sessions is: «Re-discovering general practice»; the plenary sessions and round tables will be:

- How to supply the lack of GPs in rural setting for Chronic Patients.
- Humanities in Medicine: Facing your challenges in education and promoting ethical attitudes among your students. A peer reflective workshop.
- The Movie clips methodology: from emotions to attitudes through reflection. Fostering professionalism and clinical empathy. A faculty development workshop.
- Dealing with Uncertainty.
- A Knowledge Management System for General Practice / Family medicine, how does it work practically.

Oral communications, posters and the new session "One slide, Five minutes". You will find more information at: www.congresmg.fr

April 5th -7th 2018 Save the date, and follow us on facebook and twitter

Looking forward to seeing you
Pr. Jean-Pierre Jacquet

COLLÈGE DE LA MÉDECINE GÉNÉRALE

94 Avenue Charles de Gaulle
92200 Neuilly-sur-Seine
Tél.: +33 (0)1 47 45 13 55

• Thursday, April 5th 2018

2.30pm – 4.00pm: **Oral communications - Don't let me be misunderstood**

- Updated prevalence rate of obesity in 2 to 19 years old in (american) children - preventative lessons learned: a systematic review.
Ellie ABDI, Upper Montclair - United States of America
- Management of sexual symptoms by general practitioners: premature ejaculation. *Jérémy BERTONCINI, Saint-Maur-des-Fossés*
- Delphi consensus procedure and nominal group to find the most relevant topics to improve GP workforce for stakeholders in France.
Perrine LE FLOCH, Brest
- A Knowledge Management System for General Practice / Family medicine.
Marc JAMOULLE, Belgium

4.30pm – 6.00pm: **How to supply the lack of GPs in rural setting for Chronic Patients.**

- How can we imagine to replace the lack of GPs in rural area by new electronic tools for chronic patients?
- How social prescribing can help chronic patients? How can we work and collaborate with traditional care actors leading to chronic patient benefits in rural setting?
Jean-Baptiste KERN, Virieul-sur-Bourbre - Ferdinando PETRAZZUOLI - ITALY

• Friday, April 6th 2018

09.00am – 10.30am: **Humanities in Medicine: Facing your challenges in education and promoting ethical attitudes among your students. A peer reflective workshop.**

- Faculty face challenges when they teach and have few opportunities to share them and reflect with their peers. Humanities could be incorporated in faculty development strategies because they provide a useful peer reflective scenario. This workshop is proposed to those who are involved in medical education and deal with ethics, professionalism, communication skills, and patient centered medicine.
Humbert DE FREMINVILLE, CMG - Pablo GONZALEZ BLASCO - Brazil - Graziela MORETO - Brazil

2.30pm – 4.00pm: **Dealing with Uncertainty.**

- Despite the different tools we have, uncertainty remains, even new events could arrive that we cannot predict. Safety netting is a way to reduce the severe effects of those by giving the patient the list of clinical signs that should alert him.
Géraldine BLOY, Dijon - Sophie SUN, Villeurbanne - Yves ZERBIB, Saint Priest

11.00am – 12.30pm: **The Movie clips methodology: from emotions to attitudes through reflection. Fostering professionalism and clinical empathy. A faculty development workshop.**

- Movies provide a narrative model framed in emotions and images. Bringing clips from different movies, to illustrate or intensify a particular point fits well with the dynamic and emotional nature of students' experience. Fostering reflection is the main goal in the cinematic teaching set. Reflection is the necessary bridge to move from emotions to behavior. The authors have developed the Movie Clip Methodology for almost twenty years and want to share with the audience.
Humbert DE FREMINVILLE, CMG - Pablo GONZALEZ BLASCO - Brazil - Graziela MORETO - Brazil

• Saturday, April 7th 2018

09.00am – 10.30am: **A Knowledge Management System for General Practice / Family medicine, how does it work practically. Most abstracts of communications to GP/FM congresses are lost (60% not published). Because of no existing contextual classification, free keywords non-exploitable, no harmonized classification in congress. Aims of the workshop are to:**

- Find methods to facilitate indexing and to improve performance in information storage and retrieval of unpublished GP/FM scientific work;
- Show to participants how to reach and use 3CGP ie ICPC and the Q-Codes. Some contents of CMG 2018 Congress will be used for example. In conclusion the genesis of Qcodes will be exposed to participants.
Marc JAMOULLE - Belgium - Patrick OUVARD, Angers

11.00am – 12.30pm: **Oral communications - Around the world**

- The link between empathy and burnout among family practice residents in Île-de-France. *Tamara MAKOVEC, Paris*
- A cross sectional study to assess the prevalence of microalbuminuria in patients with type 2 diabetes mellitus.
Grish IYYANNA - India
- High-dose baclofen for treating outpatients with high-risk alcohol consumption: a one-year pragmatic randomized double-blind placebo-controlled trial. *Stéphanie SIDORKIEWICZ, Paris*
- Electronic access register in Out-of-Hours. *Tommaso BARNINI - Italy*

And one session of commented posters !

GENERAL INFORMATION

CONGRESS VENUE

PALAIS DES CONGRÈS DE PARIS

2, place de la Porte Maillot - 75017 PARIS - Tél. : +33 (0)1 40 68 22 22 - www.viparis.com
